

Hochmoor 114 m²

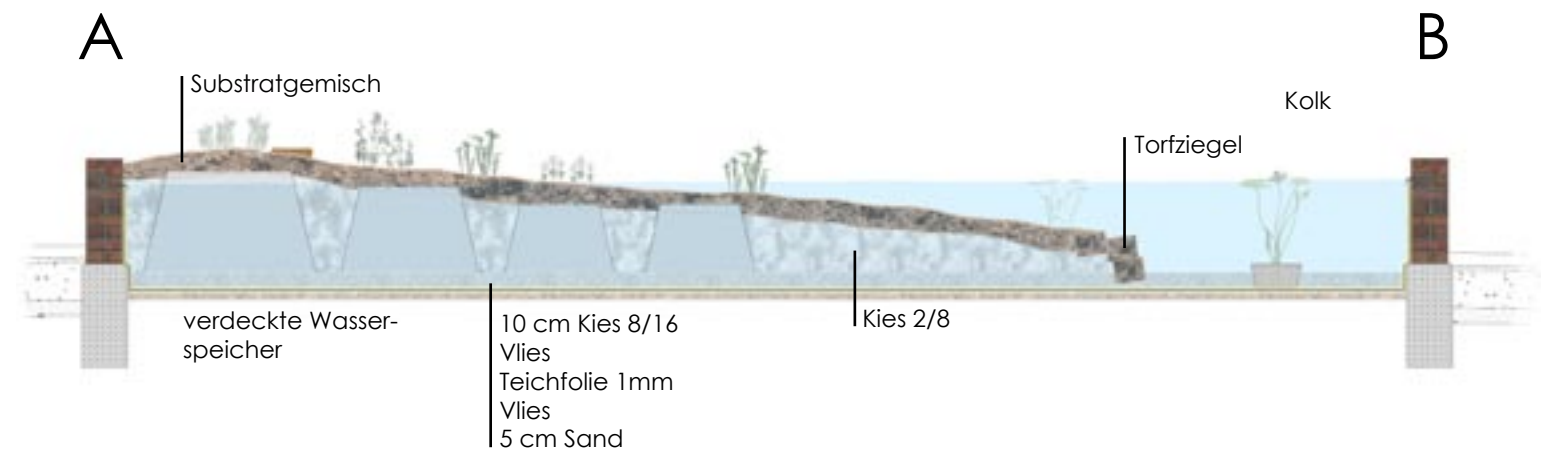

Maßstab 1 : 50

Herkunftsbereich, Maßstab 1:100

Schnitt Hochmoor, Maßstab 1:50

Legende

Feuchtwiese
- heimisch

- Bh 1 Betula humilis
- Bn 2 Betula nana
- Lg 10 Ledum groenlandicum
- Lp 6 Ledum palustre
- M 2 Molinia caerulea
- Mg 1 Myrica gale
- 8 Andromeda polifolia
- 7 Andromeda polifolia 'Red Winter'
- 30 Arnica montana
- 8 Erica tetralix
- 10 Narthecium ossifragum
- 15 Rhynchospora alba (Exot)
- 3 Vaccinium myrtillus
- 4 Vaccinium vitis-idae 'Autumn Red'
- 20 Drosera rotundifolia
- 30 Trichophorum alpinum
- 445g Sphagnum-Arten
- 6 Vaccinium oxycoccus
- exotisch
- Ka 3 Kalmia angustifolia
- Kp 3 Kalmia polifolia

- 7 Andromeda glaucophylla 'Latifolia'
- 20 Aster nemoralis
- 8 Helonias bullata
- 10 Rhynchospora alba
- 41 Gaultheria procumbens
- 355g Sphagnum-Arten
- 20 Spiranthes cernua

Sumpfbzone
- heimisch

- 6 Menyanthes trifoliata
- 10 Narthecium ossifragum
- 20 Sarracenia purpurea
- 20 Drosera anglica
- 20 Drosera intermedia
- 180g Sphagnum-Arten
- exotisch
- Ev 10 Eriophorum vaginatum
- Ka 2 Kalmia angustifolia
- Kp 5 Kalmia polifolia
- Sf 10 Sarracenia flava
- Sl 10 Sarracenia leucophylla

- 6 Eriophorum russelianum
- 6 Helonias bullata
- 10 Pogonia ophioglossoides
- 195g Sphagnum-Arten
- 345g Sphagnum squarrosum

Flachwasserzone
- heimisch

- 4 Utricularia vulgaris
- 4 Menyanthes trifoliata

- exotisch

- 3 Brasenia schreberi
- 4 Eriophorum russelianum

Schwimmblattzone
- heimisch

- 2 Nymphaea candida
